ABOUT ANDREA

Andrea B. Denney is a Caregiver Advocacy Legacy Artist, fine art legacy photographer, author, speaker, and creator of the Legacy Continuance Method™. She creates museum-grade fine art photography installations that anchor a loved one's presence in the home — not as a memory, but as a sanctuary. After spending years as a solo caregiver and being told her own pain didn't matter, Andrea refused. Today she guides post-caregivers and widows to move forward — not on, but WITH the love they carried.

SIGNATURE SPEAKING TOPICS

- You Do Not Move On. You Move With. — Identity, grief, and carrying love forward.
